

Mian Ammar Salar

Software Engineer | Full Stack Developer

Lahore, Pakistan | +92 315 7907337 | mianammarsalar@gmail.com

LinkedIn: www.linkedin.com/in/mianammarsalar | Portfolio: www.bracketdeveloper.com

Professional Summary

Results-driven **Software Engineer** and **Full Stack Developer** with experience designing, developing, and maintaining scalable web applications using JavaScript, PHP, Node.js, React.js, Vue.js, and Laravel. Skilled in front-end and back-end development, REST API integration, responsive UI development, database management, and production support.

Experienced in building user-centric applications, converting Figma/UI wireframes into responsive interfaces, and developing reusable components with clean, maintainable code. Strong understanding of software development lifecycle (SDLC), Agile methodologies, debugging, deployment, hosting management, and cross-browser compatibility.

Proficient in MySQL, MongoDB, WordPress development, Git version control, and Linux environments. Adept at collaborating with cross-functional teams to deliver reliable and high-performance software solutions.

Core Competencies

- Full Stack Web Development
- Front-End Development
- Back-End Development
- RESTful APIs
- Responsive Web Design
- React.js Development
- Vue.js Development
- Laravel Development
- Node.js Development
- WordPress Development
- Database Management
- API Integration
- UI/UX Implementation
- Cross-Browser Compatibility
- Agile & Scrum Collaboration
- Debugging & Troubleshooting
- Hosting & Deployment
- Git Version Control
- Performance Optimization
- Production Support

Professional Experience

Jillani'z | Full Stack Developer

June 2024 – Present | Sheffield, United Kingdom

- Develop and maintain full-stack web applications using React.js, Vue.js, Node.js, Laravel, PHP, and JavaScript.
- Build responsive user interfaces and integrate RESTful APIs.
- Optimize MySQL and MongoDB databases for performance and scalability.
- Customize WordPress solutions and manage deployments.
- Troubleshoot application issues and implement performance improvements across development and production environments.
- Participate in requirements analysis, solution design, and feature implementation to support business objectives.
- Collaborate with cross-functional teams to deliver scalable software solutions while adhering to best practices.

Sony UK Technology Centre | Software Developer

August 2023 – May 2024 | Pencoed, United Kingdom

- Developed and supported internal web applications and business systems.
- Built responsive frontend components and assisted with backend development.
- Integrated APIs and optimized MySQL database performance.
- Performed testing, debugging, and production support activities.
- Contributed to feature implementation and technical documentation.

Self Employed | Freelance Full Stack Developer

May 2020 – February 2022

- Delivered custom web applications using React.js, Laravel, Node.js, PHP, and JavaScript.
- Developed responsive websites, REST APIs, and database-driven solutions.
- Customized WordPress platforms and implemented business-specific functionality.
- Managed project delivery, deployment, testing, and client support.
- Ensured code quality, security, and application performance.

Government College (Contract) | College Teaching Interns (CTI)

October 2019 – April 2020 | Burewala, Pakistan

- Conducted lectures and practical sessions related to computer science and software development.
- Assisted students in programming fundamentals, web development concepts, and software engineering principles.
- Prepared technical learning materials and supervised lab activities.

Major Projects

1. Enterprise ISP Billing & Client Management System

Developed an enterprise-grade ISP management platform for a Dubai-based Internet Service Provider, automating client management, subscription billing, bandwidth monitoring, and reporting processes.

2. PCR Lab Dubai

Built an online PCR test booking platform with appointment scheduling, payment integration, automated notifications, and an administrative management portal.

3. Fourmile Health CBD Store

Developed a custom e-commerce platform featuring secure checkout, inventory management, payment processing, and responsive user experience.

4. Lahore Qalandars Website

Developed and customized the official team website, including merchandise management, player profiles, match information, and content management features.

Education

- **Master of Science (MS) - Mobile and Satellite Communications** | University of South Wales, Wales, UK | 2023
- **Bachelor of Science (BS) – Software Engineering** | Riphah International University, Lahore, Pakistan | 2019

Technical Skills

Programming Languages

- JavaScript, PHP, Java

Databases

- MySQL, MongoDB

Front-End Technologies

- React.js, Vue.js, HTML5, CSS3, Bootstrap
- Tailwind CSS, jQuery, AJAX, Responsive Design, CSS Grid

Development & Version Control

- Figma to HTML Conversion, WordPress, Git, GitHub

Back-End Technologies

- Laravel, Node.js, REST APIs

Hosting & Optimization:

- cPanel Hosting Management, Website Deployment, GTmetrix

Key Achievements

- Automated 100% of ISP billing and customer management workflows, reducing invoice processing effort by 95%.
- Reduced subscriber payment delinquency by 35% within three months of deploying an ISP billing platform.
- Reduced athlete performance benchmarking effort by 80% through automated analytics and visual reporting tools.
- Improved POS transaction processing speed by 50% while enabling real-time inventory tracking.
- Accelerated patient intake by 60% through a fully automated appointment scheduling system.
- Reduced manual booking administration by 70% with a 24/7 online healthcare booking platform.
- Improved website performance by 40% and achieved an A-grade GTmetrix score.
- Increased self-service booking completions by 40% through accessibility-focused platform enhancements.

Additional Information

- **Key Attributes:** Problem Solving • Communication • Teamwork • Analytical Thinking • Adaptability • Time Management • Leadership • Attention to Detail
- **Languages:** English, Urdu
